

HENRY GEORGE, JR. HEADS THE TICKET CHANGE MADE BY THE ECON- OMIST'S DEATH.

Strain Had Been Too Great—The Hard
Work of the New York Mayoralty
Campaign Directly Responsible For
His Death—Henry George, Jr.,
Takes the Vacant Place.

New York, Oct. 30.—Mr. George's
tragic death caused a decided change in
the political situation. Seth Low's
chances took another bound forward.
Judge Van Wyck also claimed to be a
gainer by the death of the great single-
taxer.

Frequently during the campaign Mr.
George has asked his supporters and
admirers to vote for Low if they could
not vote for him. He has so frequently
made this request that during the
early hours after his death it was be-
lieved that the leaders of the Jeffer-
sonian democracy would amalgamate
with the citizens to defeat Tammany
and Platt. But the executive commit-
tee decided otherwise. The committee
nominated Henry George, Jr., to take
his father's place in New York's great-
est municipal campaign. His father's
death was as much a surprise to the
young George as to the
rest of New York city. Mr.

HENRY GEORGE.

George retired feeling in his usual
health at about 1 o'clock. At about 3
o'clock Mrs. George awoke and saw
her husband sitting in a chair by the
window. He said that he did not feel
well. He rapidly grew worse, soon be-
came unconscious and passed away
without recovering his senses.

He made four speeches the night be-
fore he died—one at Flushing, one at
Whitestone, one at College Point and
the last, a very brief one, at the Cen-
tral opera house in East One Hundred
and Sixty-seventh street in this city.
From the Central opera house Mr.
George was driven in a closed carriage
with Mrs. George, who accompanied
him throughout the evening, to the
Union Square hotel, where he had a
light supper in the hotel dining room,
and then retired. In the adjoining
room slept Henry George, Jr.

Nearly two hours later Mrs. George
awoke to see her husband sitting in a
chair near the window with his hands
to his head. She asked what was the
matter, and Mr. George replied that he
felt ill, and thought it might be an-
other attack of indigestion, to which
he was subject. Mrs. George rang for
the bellboy. Mr. George grew worse
and his wife assisted him back to bed.
Henry George, Jr., was called, as also
were C. Frank Stephens, a Philadelphia
single-taxer, who came to this city to
aid Mr. George's canvass, and Edward
Ross, who occupied a room near by.
Mr. George felt somewhat relieved by
this time and said he would try and
get a little sleep. Mr. Stephens, how-
ever, was sent by Mrs. George to bring
Dr. James E. Kelly, who has been Mr.
George's family physician since 1881.
After Mr. Stephens was gone Mr.
George sank into unconsciousness. Dr.
Kelly arrived at about 4:30 o'clock, and
did all in his power to restore the dy-
ing man to consciousness, but he died
at 4:50 o'clock, without recognizing
anybody in the room.

The committee in charge of the fu-
neral ceremonies of Henry George have
arranged the following order of ser-
vices:

"From sunrise on Sunday, Oct. 31,
till sunset of the same day the body
of the great leader will lie in state in
the Grand Central palace. Every one
who feels the nobility and single-
heartedness of Henry George's lifework
is invited to be present at this cere-
mony."

"During the afternoon, beginning at
3 o'clock, the funeral services and ora-
tions will take place. The funeral car
will start from the Grand Central pal-
ace at 7 o'clock Sunday evening, and
proceed via Brooklyn bridge to the
Brooklyn city hall. In this informal
procession every friend and admirer of
Henry George is invited to take part."

The pallbearers have not yet been
selected. Mr. George was an Episco-
palian, but was not very regular in his
attendance at church. His widow is a
Catholic.

Mr. Low, candidate for mayor of
Greater New York on the citizens'
ticket, regarding Henry George's death,
said:

"The sudden death of Mr. George
under the stress of the campaign is a
great tragedy. Pure in motive, high-
minded, absolutely devoted to the ser-
vices of his fellow-men as he thought

they could best be served, he has fallen
in the thick of the battling against
tyranny and corruption of one-man
power which controls the political ma-
chine and thus deprives the people at
once of their rights as free men and
of control of the government of the
city in the public interests."

The Rev. Edward McGlynn reached
the Union Square hotel shortly before
11 o'clock. When he was taken into
the room where his friend lay dead he
burst into tears. The scene was a dis-
tressing one. Afterward Dr. McGlynn
said: "As a man and a philosopher it
will be long before his like will be
seen again. His goodness and gentle-
ness singled him out among all men,
and, with others, I almost worshiped
him."

Richard Crocker, Judge Van Wyck
and John Sheehan hastened to send
messages of condolence to the family
of the dead candidate.

The World has opened a fund for
the erection of a memorial to Henry
George.

Henry George was born in Philadel-
phia Sept. 2, 1839, and attended the
common schools of that city till the
age of 13. The next few years of his
life were full of travel, excitement and
adventure. After a short service in a
counting house he went to sea, ship-
ping on an India merchantman as a
cabin boy.

In 1860 he became a reporter on the
Sacramento, Cal., Daily Record. In
the month of August, 1862, he married
Miss Annie Fox, an Australian girl of
Irish parentage. Soon after he be-
came managing editor of the Califor-
nia Times, but gave up the position
for what he thought a sure road to
success—the establishment of a bureau
in New York for the furnishing of
news to western papers. The scheme
falling through, he went back to San
Francisco and became editor of the
Sacramento Reporter. About this time
—1869—he issued his first pamphlet
on the land question, wrote a series of
letters on this subject to the New
York Tribune and even delivered some
lectures.

In 1871 Mr. George founded the
Evening Post—the first penny paper
on the Pacific coast. Losing control of
this sheet, he first entered into polit-
ics, and, in 1876, became state in-
specter of gas meters, while the San
Francisco public library made him a
trustee three years later.

For twelve years—ever since 1867—
Mr. George had been gathering data
for his great work—"Progress and
Poverty." He had now the leisure
and the opportunity to complete and
produce the book, and lost no time in
getting it upon the market. To the
surprise of the publishers, the success
of the work was almost unprecedented,
fourteen editions being exhausted in
four years—a thing unheard of before
in the case of a work on political
economy.

Since 1890 Mr. George had been liv-
ing in New York, lecturing, writing
and building up a vast body of believ-
ers and adherents. One of his adver-
saries once said of him: "Henry
George has no superior in polemics,
and the single tax theory, carefully
built up, sustained with all Mr.
George's power of argument and de-
duction, was maintained by him and
by his followers most earnestly and
skillfully."

In 1886 Mr. George was nominated
by the united labor party for mayor
of New York, polling 68,000 votes,
against 90,000 for Abram S. Hewitt,
the democratic nominee, and 60,000 for
Theodore Roosevelt, now assistant sec-
retary of the navy, republican.

His books are: "Progress and Pover-
ty," "Our Land and Land Policy,"
"Single Tax," "The Irish Land Ques-
tion," "Social Problems," "Property in
Land," "Protection or Free Trade,"
"The Condition of Labor" and "A Per-
plexed Philosopher." His lectures are
without number. His followers are a
host.

Mr. George's Last Speech.

New York, Oct. 30.—Mr. George made
his last speech of the campaign at Col-
lege Point to 1,200 common laborers, a
rough crowd, closely packed in the hall.
Mr. George was introduced as the
friend of the workingman. He began:

"I have never claimed to be a friend
of the workingman. I do not now
make any such claim. (There was a
pause of dead silence.) I have not and
do not intend to advocate anything
in the special interest of the laboring
men. (Another dead pause. Mr.
George walked the full length of the
platform and let out his full voice in
shout.) I am for men. (The crowd
set up such a cheering and stamping
that the room was filled with a chok-
ing dust.) I am for men—the equal
rights of all men. Let us be done with
asking privileges for the laboring
men."

Ex-Gov. Altgeld's Estimate of George.
Indiana Mineral Springs, Ind., Oct.
30.—Ex-Gov. John P. Altgeld, who is
taking the magno-mud baths at this
place, in an interview, expressed him-
self as follows regarding the death of
Henry George:

"Henry George was one of the great-
est men of the age, and he made a
deeper impression on the economic
thought of this country than any other
man. He was true and patriotic and
always on the side of justice and strug-
gling humanity. His fame will grow
broader with time. Nationally the
death of no one man will affect the
democratic party."

Views of the London Papers.

London, Oct. 31.—The newspapers
devote much attention to the death of
Henry George, publishing long sketch-
es of his career and philosophical and
economical theories.

FRANCIS WILLARD GIVES A PLEDGE WILL DO ALL IN HER POWER TO SAVE THE TEMPLE.

The Struggle is Over—President of
the W. C. T. U. Rallies the Buffalo
Convention to Task Before Them—
The Annual Address is Pre-
sented.

Buffalo, N. Y., Oct. 30.—Miss Fran-
ces E. Willard of the Woman's Chris-
tian Temperance Union will stand by
the Woman's Temple, and she will
carry the majority with her. The op-
posing forces acknowledge that they
may as well break up camp and go
home. Their struggle is over for this
year.

While delivering her annual address
Friday morning President Willard de-
tached herself from her office and
spoke as an individual. She said: "I
dedicate the renewal of health and
my 59th year to work for the Temple.
Let anybody that wants to follow fol-
low; anybody that wants to falter fal-
ter."

In the course of her address Miss
Willard said:

"The supreme duty of the hour is
to convince the moderate drinker that
he is doing himself harm. If only this
belief were general, men would soon
become a law unto themselves to such
a degree that statutory enactments
would be but the outward expression
of an inward grace."

"The greatest sorrow of the year to
most of us was the defeat of the ar-
bitration treaty between England and
America, but let it never be forgotten
that the senators representing the his-
toric states of the Union all voted solidly
for the treaty except Pennsylvania,
of all others, whose foundation
stones were laid by William Penn,
than whom no greater friend of peace
has lived since the founder of Chris-
tianity. It is well known that the
degeneracy of this state is due to the
bad reign of a political boss, who shall
be nameless here as he will be here-
after."

"I believe we are on the threshold
of a new era in finances; with a less
artificial basis of values from that
taught by economists of the old
school, and this opinion, based on the
law of development, is the only foot I
have to stand on, and in my humble
judgment it will be proved that the
opinions now put forward as the law
and gospel of finance by our safe men
among financiers will sound like 'old
wives' fables' to a future generation."

"Woman suffrage, the greatest of all
movements looking toward a real re-
public, moves forward as steadily as
the stars in their orbits, for 'Nothing
can arrest the progress of a true prin-
ciple on its way to the hearts of an
intelligent people.' The universal op-
position to the alcoholic fraternity to
woman's vote is helping us among the
best element of our people, and the
worst can only hinder for awhile."

"Hard upon 200 lynchings will have
disgraced the annals of America this
year. It is a grim way of reckoning
to anticipate more of these barbaric
proceedings before the birthday of
the Prince of Peace, but alas, we have
abundant warrant to believe they will
go on."

Miss Willard's address treats also
extensively of the departmental work
of the W. C. T. U., of its affiliated in-
terests, the Temple and the National
Temperance hospital in Chicago; has a
section upon the National Council of
Women and the mothers' congress,
while its appendix includes a long list
of "recommendations" for the coming
year and "The Progress of Women in
1897."

The address concludes: "So much
has already been done, so many lives
of activity have been entered upon
and so many victories scored that great
achievements seem smaller than they
would have seemed in the first flush of
youth and in the ardor of new enter-
prise. Our nearly a quarter of a cen-
tury of existence has given us a stand-
ard with which to compare present
achievements and it is only the nation
or the organization without history
which seems to move with giant strides
in the path of its new endeavor."

National Treasurer Barker read a
report, which shows she has \$1,829 in
her hands. Of the Armenia fund she
received \$7,358 and expended \$6,767,
leaving \$591. She has received from
dues \$14,358; field, \$504; other dona-
tions, \$1,479. Total receipts, \$31,516.
Frances E. Willard has given \$1,000
to the national treasury for charitable
purposes, and she intends to turn over
\$1,000 of her salary for the coming
year for the promotion of work among
the colored people.

The sudden resolve of Miss Willard
to take up work for the Temple has
altered her plans for the year. She
had decided to go abroad, but will re-
main at home.

A telegram was sent to Mrs. Grover
Cleveland congratulating her upon the
birth of her son.

Pray for Frost.

New Orleans, La., Oct. 30.—The peo-
ple are praying for frost, the general
belief being that it is the only thing
that will put an end to the yellow fe-
ver. It is thought, however, that the
prevailing weather conditions here will
not permit of a frost at an early date.
Although the number of new cases and
deaths has not been as heavy as that
of Thursday the board of health offi-
cials are not of the opinion that the
situation is growing brighter.

WARM WEATHER BAD FOR MEN IN TRADE DUN & CO. REPORT A SLOW- NESS IN BUSINESS.

Yellow Fever is Harmful—Unseason-
able Warm Weather Hinders Retail
Dealers in Winter Goods—Iron and
Steel Business in Good Shape—
Failures For the Week.

New York, Oct. 30.—R. G. Dun &
Co.'s Weekly Review of Trade says:

"The testing of retail trade is in
progress, but results are remarkably
retarded by long continued mild
weather, and also by the fever in
southern districts. Even from that
quarter some large orders lately re-
ceived show better distribution than
was yet expected. In spite of unsea-
sonably warm weather, which greatly
hinders retail dealers in winter
goods at all points east of the plains,
the large number of supplementary
orders, with urgent pressure for
quick delivery, make it clear that the
sales in many branches have exceed-
ed the expectation of dealers, so that
replenishment of stocks is not yet
finished. Meanwhile wholesale trade
and orders to manufacture have been
smaller than when the rush was
greatest, but have nevertheless been
large for this stage, even in a year of
general prosperity, for the payments
through the principal clearing houses
for the week have been 3.9 per cent
larger than in the same week of 1892
and for the month 6.1 per cent."

"Western receipts of wheat are not
quite equal to last year's for the week,
but have been 27,969,288 bushels for
four weeks, against 28,756,644 last
year. The fall of cotton to 6 cents for
spot and 5.88 for January, making the
price the lowest since March 14, 1895,
and not half a cent above the lowest
for nearly half a century, is partly
due to embarrassments caused by the
fever, but also indicates the prevailing
belief that the quantity to come for-
ward is large. Wool markets have be-
come quiet. Sales have been but 2-
710,000 in Boston and at three chief
markets 5,231,000, making the aggre-
gate for the month 26,394,000 pounds,
against over 66,000,000 pounds in Sep-
tember."

"The buying of iron and steel pro-
ducts though smaller than of late,
continues to keep workers well engaged
ahead and induces others to resume
operations."

"Failures for the week have been
219 in the United States, against 270
last year, and 25 in Canada, against 40
last year."

BODY PUNCHES TOLD.

Lavigne Beats Walcott—Colored Welter-
Weight Lasts Twelve Rounds.

San Francisco, Cal., Oct. 30.—George
Lavigne is the master of Joe Walcott.
The colored man got it Friday night
in the fight for the world's champion-
ship, which was witnessed by 8,000
people, the biggest crowd since the
Sharkey-Fitzsimmons affair. After go-
ing to his corner at the end of the
twelfth round the negro's men threw
up the sponge. They worked with him
for a few seconds, and then saw that
the end could not be delayed and gave
up the battle. All through the fight
Lavigne had been playing for Walcott's
body. He paid little attention to
any other part of his anatomy, but
kept pelting in blow after blow just un-
der the heart. The wisdom of his tac-
tics was shown by the result, notwith-
standing the fact that Walcott seemed
the stronger man all through the en-
counter.

DISCUSS THE REPLY.

President McKinley and His Cabinet
Consider Letter From Spain.

Washington, Oct. 30.—The cabled
synopsis of the reply of the Spanish
government to Minister Woodford's
note was laid before the cabinet meet-
ing Friday and informally discussed by
the president and his associates.

It was agreed that for the present,
at least, there was no necessity for a
reply to the note. The synopsis sent
by Minister Woodford was taken as
evidence of a genuine desire on the
part of Spain to meet the wishes of
the United States in putting an end to
the insurrection, the barbarous meth-
ods of Weyer, the destruction of the
property of American citizens and by
granting broad and liberal autonomy
to Cuba to take away further excuse
for the guerrilla warfare in progress.

Postoffice Thief Arrested.

Cheyenne, Wyo., Oct. 30.—Walter R.
Houghton was arrested by United
States Marshal McDermott here Fri-
day, charged with stealing a registered
letter from the United States mail con-
taining \$15,000. Houghton confessed
his guilt when arrested. He claims to
have spent \$400 of the money and says
he will at once refund the balance if he
is not prosecuted. If he is prosecuted
he says he will have the money burn-
ed.

Cannot Fight in Montreal.

Montreal, Oct. 30.—Mayor Parent of
Quebec says he has no official knowl-
edge that the McCoy-Creedon fight is
to take place in Quebec and that he
will prevent it should any attempt be
made to pull it off.

Will Go to the Reichstag.

Berlin, Oct. 30.—It is semi-officially
announced that the Bundesrath, on
opening its plenary sittings, will dis-
cuss the military trials reform bill.
This insures the bill being presented
to the Reichstag.

FORTUNE IS HERS.

Martha Claybourn Is Awarded Allen
Gregory's Vast Estate.

Chicago, Oct. 30.—After a weary wait
of forty years Martha Claybourn was on
Friday decreed by law a wife and ju-
dicially told that she was entitled to
bear the name Mrs. Allen Gregory.
Unless the circuit court overrules the
decision made by Judge Kohlsaat and
on the appeal declares that she is not
a widow she will receive not only the
name, but a fortune large enough to
recompense for sufferings even as great
as hers have been.

By the peculiarity of the property
holdings constituting the Gregory es-
tate practically the whole of the vast
estate, said to be worth \$1,000,000, will
go to the widow. The twenty-eight
other heirs will not divide more than
\$30,000, unless their appeal is sus-
tained. Fully \$700,000 of the entire
amount is personal property, and as
Allen Gregory left no children and no
will this portion will come by law to
the widow. Of the remainder \$250,000
is vested in real estate in Indiana,
where the state law gives all to the
widow of a man who dies intestate
and childless.

REV. BROWN VINDICATED

Congregational Council Declares the
Minister Guiltless.

Chicago, Oct. 30.—The Congrega-
tional council which has been sitting
in judgment upon the troubles of the
Rev. C. O. Brown and the Bay confer-
ence of San Francisco reached a de-
cision Thursday night, and the verdict
was announced to the parties con-
cerned at 10 o'clock in the morning.

By the terms of the finding Dr.
Brown has won the battle. The coun-
cil finds him guiltless of the old
charges made against him in San
Francisco; finds that the Bay confer-
ence was guilty of various irregulari-
ties in its treatment of the accused
pastor and censures its action in sus-
pending Dr. Brown. It further recom-
mends that the suspension placed upon
Dr. Brown by the Bay conference be
lifted, and that the vindicated preacher
be permitted to continue in the min-
istry without further opposition or ob-
jection.

UTES THREATEN PILLAGE.

Critical State of the Indian Uprising in
Routt County, Colorado.

Steamboat Springs, Col., Oct. 29 (via
Wolcott, Col., Oct. 30).—A courier has
arrived here bringing a message from
Game Warden Wilcox to Sheriff Nie-
man for help. The Utes have burned
a ranch near Cross mountain and have
killed a messenger sent out by Wil-
cox. The latter tried to arrest the In-
dians for violating the game law. They
resisted and began to fight. Five In-
dians were killed and sub-Chief Star
mortally wounded. The Indians had
stacks of green deer hides in their pos-
session and were slaughtering on all
sides.

One hundred determined men are
now on their way to the aid of the
sheriff. Settlers are gathering on
Vaughn's ranch. The Indians are
threatening to pillage and murder.
Squaws have been sent back to the
reservation and re-enforcements are
coming.

State troops may be called for if the
sheriff finds that matters are as serious
as reported.

Censure for Princeton University.

St. Louis, Mo., Oct. 30.—The follow-
ing is a gist of a resolution adopted
by the Missouri Presbyterian synod
in session here and ordered sent to
the president of Princeton university
and to Presbyterian periodicals: "Re-
solved, That the synod of Missouri
deeply regrets the use of wine at the
late Princeton banquet and the sign-
ing by Princeton professors of a pe-
tition for saloon license of the
Princeton Inn, and hereby voices its
disapproval of such acts. We de-
clare our conviction that the univer-
sity has already been injured and will
continue to suffer so long as this pol-
icy is pursued."

British Win a Victory.

Simla, Oct. 30.—The British force
under Gen. William Lockhart cap-
tured the Sempahga pass. Contrary to
expectation the insurgent tribesmen
made a poor stand in the Sempahga
pass, although occupying strong posi-
tions. The fire of the British artil-
lery was effective in clearing the en-
emy's entrenchments and stone breast-
works. The casualties of the British
force were small.

Baby May Be Called Grover.

Princeton, N. J., Oct. 30.—Master
Cleveland's name has not yet been de-
cided upon. Friends of the family
say that Mr. Cleveland wishes his son
to be named after him, and there is
little doubt that the youngster will be
baptized Grover Cleveland, Jr.

After Ripley Lynchers.

Indianapolis, Ind., Oct. 30.—Govern-
nor Mount and Attorney General Ket-
cham had another private conference
in the Ripley county lynchings. When

ence or of their hopes, but Governor
Mount admitted that the topic of their
conference had been the lynching, and
that the outlook was discouraging.

Pierre, S. D., Oct. 30.—The auditor
of the state of South Dakota was on

PLANS OF THE NORTHWEST-
ERN ROAD AT MANITOWOC.

Will Be Better Able to Handle Ship-
ments—Officials Look Over Prop-
erty of the Company—Winter
Traffic For All Lines Promises to
Be Large.

Manitowoc, Oct. 30.—The officials of
the C. & N. W. have arranged to build
tracks and make other improvements
there in order to better handle the
large amount of flour shipments which
will come by way of the Manitowoc
route this winter, which will be the
largest since the opening of this route.
It is also learned that the Ann
Arbor line put on two package boats
besides the ferry now running her,
the Big Four and of their four barges,
and the F. & P. M. their ferry and
package boats as soon as the winter
traffic is in full swing.

Laymen Are to Be Heard.

Milwaukee, Oct. 30.—For the first
time in the history of Methodism in
Wisconsin the laymen of the church
met in separate convention Friday for
the purpose of securing what they be-
lieve to be their rights. The conven-
tion was called some time ago for the
purpose of considering ways and
means to secure equal representation
in the general conference. Before ad-
journing a permanent organization
was effected, which will call another
convention at some point in the west-
ern part of the state, for the purpose
of further discussing the matter
which is so near the hearts of all lay-
men of the church. W. W. Cooper,
Kenosha, is president of the associa-
tion.

Squatters Will Be Evicted.

Milwaukee, Wis., Oct. 31.—The first
of the Jones island eviction cases was
decided in the United States court here
Friday in favor of the Illinois Steel
company. There are a hundred or
more of these suits brought by the
company against the "squatters" of
Jones island, a tract of land formed in
the main by the action of Lake Michi-
gan in increasing through a long pe-
riod of years what was once a small
sand bar. The inhabitants of the
island are fishermen.

Pittsburg Exchange Building Burned.

was got under control. The building
was completely cleaned out. The loss
is estimated at \$150,000.

New 100-Mile Bicycle Record.

Chicago, Oct. 30.—Advices from Lon-
don yesterday conveyed the informa-
tion that Arthur A. Chase, the famous
middle-distance English rider, had es-
tablished a new mark for 100 miles on
the road. He negotiated the distance
in 4:16:25. The former record for 100
miles on the road reposed with A. B.
McDonnell of Buffalo. He created the
mark Oct. 28, 1895, by a straightaway
century on the Buffalo-Erie turnpike
in 4:40:09.

Would Help the Farmers.

Washington, Oct. 30.—Secretary
Wilson has presented his report to the
president reviewing the operations of
the department of agriculture for the
year. The most important recommen-
dation made by him is one that
agents for the department should be
stationed at each of our more impor-
tant American embassies for the col-
lection of information of interest to
American farmers.

Philip von Eulenberg, who is at pres-
ent the German ambassador to the
Viennese court.

UNIQUE RAILWAY PLAN.

Relief For Klondikers Syndicate Purposes to Operate a Train on the Yukon - Tributaries -- Wisconsin Man's Invention--An Engine With Cogged Wheels

R. H. Herb of this city; Roscoe Gilkey of Green Bay, and E. W. Coniff of Oconto, are interested in a recent invention that is intended to solve the difficulties of transportation in Alaska and the frozen north, and it is proved a success they have a fortune within their grasp. The invention is a self-propelling steam sled and is the product of E. W. Coniff's genius.

The invention is backed by an Alaska company in Chicago made up of some twenty-five members, including Secretary of War Russell A. Alger and Dr. H. B. Faville of Chicago, formerly of Madison. The company is building a locomotive in Chicago which by means of cogged drivewheels is expected to pull cars over the ice and snow. The cars resemble the ordinary railroad box cars and will be made in Seattle, while the runners on which they will rest will be made in Wisconsin. A New Jersey company is now building a road over the Chilcoot pass and the company expects to take such a train over this route and land it in the Klondike valley for operation in a few months. It is an unique project in every respect.

Canvass Made in Madison
Milton W. Skinner has been in Madison this week on business connected with the company and says of the project:

"The men behind this company are systematically but quietly and persistently pushing to completion their plans to put into active operation a number of these steam sled trains. These locomotives are driven at a speed of two miles an hour over snow or ice and the intention is to utilize the natural roadways as provided by the ice on the great Yukon river. Starting in at Lake Lindeman, they will be able to make the trip to Dawson City carrying five cars of ten tons each in about two and one-half days. Can Run Eight Months in Year.

"The inventor of this motor, Mr. Coniff, is a man of long experience in the frozen north and knows just the difficulties to be encountered and has carefully considered every condition and obstacle to be overcome and has had no trouble to convince the most skeptical that he has solved the problem of winter transportation in all that frozen country. While the steamboat lines find only about three months in the year in which they can navigate the waters of those rivers, the Alaska company will have about eight months out of the twelve to operate on the ice, going not only on the great Yukon, but being able also to slide in and out upon any of the tributary streams which empty their golden water into the Yukon.

Ready by January 15.
"The company expects to have one or two trains on the river by the middle of January, and by running in connection with the cable road, now being built over the pass, they will be able to carry provisions to the famine-stricken people at Dawson City who are ready to pay them in gold for food almost pound for pound. The enterprise certainly is one in which, aside from the wonderful possibilities for money making and speculation that there is in it, should enlist the hearty co-operation of the public all over the country."

EACH UNWILLING TO FIGHT

Lively Rumpus Between Two Men Who Sighed For Peace

Among the cases tried by Judge Bennett in the Baraboo courts this week was one of assault and battery that had curious features. John E. Pelton claimed damages for an assault alleged to have been committed upon him by C. D. Powell, and Powell counter-claimed for damages on account of injuries received from Pelton in the fracas, each party contending that the other struck the first blow. The jury returned a verdict at 9 o'clock at night finding for the defendant without any damage attached. This left the costs for the plaintiff to pay.

POTATOES SELL AT 45 CENTS

Man in Green County Fights the Price Down Several Points.

Green county is now in the midst of a potato war. Potatoes were sold on contract for 53 to 65 cents a bushel, when three cars came in on Monday and prices were cut to 45 cents per bushel. One man disposed of 700 bushel at 45 cents and is out with hand bills announcing that he will have 700 bushel more on the track, Nov. 2 at that price or lower. Farmers are coming from far and near. Winslow is the center of the war and the little village is enjoying the excitement. Many who come in for potatoes at 45 cents, returned home empty, to return on Tuesday of next week with the assurance that they will then be able to buy at the highest for 45 cents. Many predict potatoes will yet go still lower at that time, but as it is nearly everybody about town has bought potatoes and 1,800 bushel were unloaded at from 45 to 50 cents per bushel.

MARKED 81ST ANNIVERSARY

Mother of E. B. Heimstreet of This City. Greeted by Three Generations.

Mrs. Emeline Heimstreet, mother of E. B. Heimstreet, celebrated her eighty-first birthday in Lansingburgh, N. Y., this week, and the Troy Press says: "Four generations were present, Mrs. Heimstreet, Mrs. Holmes, Henry Holmes, Jr., Miss Maud Heimstreet, Mrs. Clara Chase of Philadelphia and her bright son, Dr. Theo. Jr., aged three." Mrs. Heimstreet typifies noble christian character; she is mistress of the art of growing old gracefully. Quiet, intelligent, sweet tempered and sunny-faced, her presence is a benediction. Neither envy nor anger, repining nor remorse, stirs the placid depths of her bosom. She is peacefully gliding down the feeble stream of earthly existence to the ocean of eternity, where the immensities of life gloriously illumine the soul with a new universe of possibilities."

TRAINS TOO SLOW; HE BIKES

Attorney Burr Sprague Refused to Be Ruled by Time Cards.

The attorneys who come over from Brodhead seem to have no time to waste. Burr Sprague was here yesterday and after attending to several matters of business found he must wait until evening for a train. Mr. Sprague did not loiter, but bargained for a bike with Walter Helms and at 10 o'clock in the morning he left the city at a lively clip expecting to reach home in two hours.

JANESVILLE BOYS GO IN AS OFFICERS

REGIMENT ORGANIZED AT THE
STATE UNIVERSITY.

Bernard M. Palmer, S. B. Echlin, E. L. Williamson and C. H. Sutherland Hold Commissions in the Organization--Battalion Formation Has Been Dropped.

Madison, Oct. 30--[Special]--Military drill is in progress at the University of Wisconsin. B. M. Palmer, S. B. Echlin, E. L. Williamson and C. H. Sutherland received offices in the new regiment which has been formed. The great increase in the number of freshmen rendered a change from the old four company battalion necessary, and President Adams yesterday approved of the proposal to form a regiment such as is maintained at Cornell and other eastern colleges. B. M. Palmer was appointed ranking first lieutenant; S. B. Echlin, second lieutenant; and E. L. Williamson and C. H. Sutherland, sergeants.

Last night, at Library hall, the most enthusiastic mass meeting of students, ever held at the university took place. The meeting was called for the purpose of expressing the support of the student body for the foot ball team which plays the strong Minnesota eleven at Minneapolis Saturday. The meeting was addressed by Coach King, Captain Riordan, Prof. VanHise, besides members of the team and players of former years. Wisconsin will be represented at the game by fully five hundred rooters, who leave for Minneapolis, Friday evening on a special train.

Work on the new historical library building is proceeding rapidly and the entire first story will probably be completed before the bad weather sets in.

CITY HELPED BY WOODMEN

Gain of Eighty in the Population of Rock Island, Ill.

Local Woodmen will be interested to know that since their head office has been moved to Rock Island the population of that city has increased by eighty persons, clerks and their families--not a large increase but one that will be a benefit, inasmuch as their combined salary is about \$25,000 a year. The miscellaneous expenses of the office \$3,000, the postage stamps purchased amount to \$8,500 a year; the supply department from \$50,000 to \$60,000 a year, about \$75,000 it is to be expended on a new building to be erected on a lot which cost the order \$7,450 and with the new houses which a number of the clerks will erect, the city of Rock Island will be considerably benefitted by the removal. It is stated that the order over nothing and that the general fund from which the above amounts are taken has a balance of \$517,000.

BASE BALL LEAGUE HERE

An effort is now being made in this city to organize an indoor base ball team circuit. Manager Dixon of the Light Infantry team has made inquiry into the matter and finds that at least four different teams will be organized here this winter. He claims that more interest will be shown in the game if a sharp rivalry exists. The teams that expect to enter the local field are the High School, Light Infantry, Business men and the Y. M. C. A.

He owned a small farm in the town of Albion, upon which he has lived alone for some time. He is about forty years of age and unmarried.

HELD A ROAD-MAKING BEE

Farmers in Newark Contribute 72 Days of Effective Work.

Farmers in the town of Newark have donated seventy-two days' work in the improvement of the highway west of Ruble's corner. The condition of the road there was very bad, and so thanks to those who planned the scheme, many have gone to work in doing what would probably never have been done had the "bee" not been arranged. The Beloit Free Press says: "This good road movement is worth thinking about. Farmers of Rock county. Could any expense to these Ruble corners men have been of more real profit to them; is there anything the Rock county farmers need as much as good roads?"

FELL HARD AND WAS KICKED

Farmer W. H. Thornton's Double Mishap Comes Near Proving Fatal.

W. H. Thornton, a farmer living south of Beloit was pitching hay down a hay well twenty five feet deep and in some way lost his footing and pitched headlong down the shaft, striking on his head. He rallied sufficiently from the shock to regain his feet and start for the house, but in a dazed condition, instead of going through the driveway he passed behind the horses and fell down and was kicked in the head by one of the animals. He was more dead than alive when the family found him, but is recovering and it is thought no serious consequences will follow.

WITH THE YARDMASTER

TONIGHT and tomorrow night, the goblins, bogey men, adult spooks, witches, mischief makers, aerial fairies and ghosts with eyes like jack o'lanterns will hold their regular annual jubilee in Janesville. The occasion will be Halloween. On the back yard fences, the low browed felines will warble sweet songs of off-handed glee. They will have a veritable typhoon of merriment and an avalanche of mirth. Their voices will permeate the autumn zephyrs and they will develop strains of transporting joy. If any animal on earth holds it in its paw to be musical it is a cat because it is full of fiddle strings.

On Halloween in olden times in Scotland, the custom was for people to pull up kail blindfolded. In this country it is to go out and pull up sidewalks not blindfolded.

Next Friday at Athletic park, there will be a few hours of playful amusement. A number of physicians will be on the grounds with splints and plaster paris. Should anyone be desirous of seeing a fac simile of the bombardment of Fort Sumpter, go early and avoid the rush. The soldiers in the battle of Prague waded knee deep in the blood of the slain, but that was easy. A number of willies have been made. The game will be called football. A sufficient number of ambulances and stretchers will be held in readiness when the battle begins.

A man stopped me today on Milwaukee street and asked me about the requirements of a newspaper man.

"What should I study, and how long would I have to be in the business before I could be called a newspaper man?" he interrogated.

"Well to be honest with you," I said, "a man should be at least 200 years old before going into the business. Even then, he will be subject to a great many criticisms. You must be at least a fair, straight arm hitter. You must know a great many things before they ever happen. At all events learn how to predict like a weather man, so you can't be caught either way. Go west and fight Indians. If there is no outbreak so much the better. Kick up a fuss anyway and learn how to develop news on dry days. What you want is experience."

"You should serve an apprenticeship as some country editor's amanuensis. Try to get in with some editor who has run for office for twenty-five years and never got in. Information from that sort of a man is valuable. No matter what any one says about you that is cutting, never resent it. If a man calls you a liar, don't worry—his experience you are after. If you go into the business you will get a great many hard knocks that you did not expect. In 1891 I went to Alaska with a newspaper scheme in my head that I knew would make me rich. I knew that there were about fifty-five thousand newspapers in the U. S. and I meant to write a syndicate letter on Alaska and furnish hundreds of papers with this letter at two dollars each. The first letter I wrote, I mailed to 800 different papers. I figured that at least 700 papers would accept that letter. That would make me \$1,400. Then I sat down and waited for answers. Out of the 800 papers, just two accepted the letter and sent me four dollars. Another one wrote me that he would think the matter over. You see it is experience one needs. Don't go into the business unless you have plenty of money, for you are liable to fall down and break your record."

"Many have said their children would have died of croup, if Chamberlain's Cough Remedy had not been given, write Kellan & Curran, druggists, Seaview, Va. 'People come from far and near to get it and speak of it in the highest terms.' This is equally true of this remedy in every community where it is known. Buy a bottle at Stevens drug store and try it yourself."

To Cure Constipation Forever. Take Cascarets Candy Cathartic. 10c or 25c. If C. C. C. fail to cure, druggists refund money.

MAY CLOSE DRIVING PARK

Evansville Grounds Have Passed Into the Hands of Stoughton Men.

Janesville is not the only town in the state that is liable to lose her driving park. The Evansville Driving Park has been sold to J. B. Scott and I. E. Wright of Stoughton, Wis. If substantial patronage is pledged, these gentlemen will leave the park in its present shape for another year. If not it will be divided and sold.

WOMAN'S HOPE.

A Story of Rescue Due to the Indians.

An Example That Goes to Prove the Tremendous Benefit that the Indian Has Been to Mankind.

The following letter is of interest to women, and especially to that class of women who drag themselves through life, suffering innumerable tortures, living without hope of release from pain, and looking forward only to death as the great doctor who will make them well.

Parham, Minn., Kickapoo Indian Medicine Co.: Gentlemen:—I heartily recommend Kickapoo Indian Remedies. I suffered with poor health for years and tried everything without relief, until at last I found your

Remedies in the house. Yours respectfully, ELIZABETH LATTERER.

These words, coming from a woman, should appeal strongly to other women. Her sufferings gave way to one of the wonderful Kickapoo Indian Remedies. Other sufferers have the same chance of regaining lost health. Kickapoo Indian Remedy Plant for all female diseases is the most wonderful remedy known to man. It is for sale by all druggists, for \$1. per box. Kickapoo Indian Sagwa for a general breaking down of the system and for the cure of diseases resulting from a disordered condition of the kidneys, liver, stomach and blood is positively invaluable. These, as well as other Kickapoo Indian Remedies, are harmless, although powerful and quick in their action and should be resorted to for a cure which they will effect where doctors and other remedies have failed.

PAY HIGH FOR BAD WALKS

This City Not the Only One That Loses Through Damage Suits.

This is not the only town in this section of the country that is paying out thousands of dollars to people who fall through defective sidewalks. At Rockford this week Mrs. Johanna Peterson was awarded \$2,000 by a jury who found that she had injured herself on a bad walk. A number of the jurymen wanted to make it \$3,000, while others thought \$5,000 none too high.

TURN ON THE LIGHT

A controversy that is full of interest is being conducted by the scholarly editors of the Madison Journal and Fort Atkinson Union. Ex-Governor Hoard, in the Union declares that the newspapers are mainly to blame for the existing political conditions and he proceeds to read them a very serious lecture and to offer some advice to this effect:

There are too few editors who dare to criticize wrong doing in their own party. The is a vast amount of bosh in the talk we hear so much about of the "independence" of the press. Too many editors are waiting for postoffices and other party emoluments to do their duty, as editors, to the people. Bossism and corrupt machine methods would not live a day in any party if the newspapers within that party would fearlessly do their duty to the great central proposition of a "government of and by the people." The true motto for any editor to follow is "turn on the light."

This is good advice and is admitted to be such by Editor Taylor of the Journal, who objects only because the Journal is not excepted from the criticism. He remarks:

"Mr. Hoard cannot be unaware of the fact that this paper pursues just the policy that he deares ought to be pursued. We cite a case right in point. Under a heading using his very own words, 'Turn on the Light' this paper published an article last spring calling attention to the very questionable methods being pursued by a certain individual, to try to induce President McKinley to appoint him to a place in his cabinet. Notwithstanding the fact that it is the custom to allow the president to exercise his personal choice in selecting the members of his official family, without political interference the gentleman referred to, absolutely deluged Mr. McKinley with petitions and letters, circulars and resolutions, begging the president to give him a cabinet post. Mr. Hoard or his friends even invaded the secrecy of very many organizations that are entirely non-political, and induced them to adopt resolutions favoring his appointment. The State Journal called attention to these unseemly and discreditable performances and published letters from the officers of one secret society to those of another, asking an indorsement for the individual referred to; it also published resolutions that were passed in secret non-political societies urging this appointment; in other words, it proceeded to 'Turn on the Light.' And strange to say, our excellent friend, Mr. Hoard, got exceedingly mad about it, and actually called this paper and its editor hard names for doing just what he now vigorously insists ought to be done.

This would seem decidedly odd, were it not for the fact that these are times of sudden conversions. It would seem that our excellent friend, Hoard, like some other notorious gentlemen, has become suddenly converted to the cause of reform. They are now vigorously denouncing practices they have heretofore persistently indulged in and exploiting evils and abuses they have never tried to correct. We rejoice that a brighter political day seems to be dawning and are heartily glad the distinguished ex-governor is ready to join the State Journal in its efforts to "Turn on the Light" on reprehensible political practices."

AN AID TO TAMMANY.

Henry George probably would not have been elected mayor of greater New York but he would have done much to insure the defeat of Tammany into whose hands the law independents have played so blindly. Now that George is dead the victory of Tammany is practically assured. Just what President Low gets out of it is hard to see. He and his friends have

thrown their city government deliberately into the hands of Croker and his ilk and have put within their reach an amount of patronage that will enable them to maintain their position for years.

CAN'T MAKE THE CARS PAY

The Best Record Up to Noon Today Was \$1.35

Snow may not get a chance to stop the street car line. Unless more people ride, the engines may be shut down any of these fine days for lack of enough nickles to get up steam.

The Milton avenue car carried twenty-six people up to noon today, and the Main street car carried twenty-seven. This meant about one dollar apiece for each car, and didn't pay the salary of the man who twists the brake, to say nothing of buying coal and dynamo brushes.

AIKEN HEARD FROM
IN ANOTHER CITYSWINDLER CHECKMATED BY
WATERTOWN BANK

Cashier Suspects That All is Not Right and Holds the Draft—Minister's Wife Gave a Letter of Introduction—The Real Aikin Is in China.

"Rev. Edwin E. Aikin," who planned to victimize Rev. R. O. Denison and the Rock County bank, has left the state. He barely escaped arrest in Watertown two weeks ago and has not been heard from since.

Two weeks ago a stranger representing himself to be Rev. Edwin E. Aikin, a missionary of the American board stationed for the past twelve years at Tien Tsin, China, called at the Congregational parsonage in Watertown with a letter of introduction to the pastor, the Rev. G. C. Weiss, from the Rev. A. N. Hitchcock, district secretary of the American Board of Commissioners for Foreign Missions at Chicago.

Mr. Weiss was not in the city at the time, but his wife, upon the stranger's request, gave the latter a note of introduction to the Wisconsin National bank, where the stranger said a draft awaited him. The bank had received by post a draft for \$500 in favor of the Rev. Edwin E. Aikin, signed by Frank H. Wiggin, treasurer of the American board, and drawn on the Globe National bank of Boston. The draft was enclosed in a letter from the Commercial National bank of Kalamazoo, Mich., which investigation proves has no existence.

The letter said Dr. Aikin would call on the bank here for the money and requested that it be paid. If he failed to call within a certain time the draft was to be returned to Kalamazoo. When the man called at the bank and inquired for the draft, payment on it was postponed, the cashier being not fully satisfied that everything was straight.

The stranger left the draft with the bank and left for parts unknown. The Rev. Mr. Weiss today received a letter from the Rev. Mr. Hitchcock saying he had given nobody an introductory letter to him and that to the best of his knowledge Dr. Aikin is still in China.

JANESVILLE WON 10 TO 6

Whitewater Team Defeated in a Lively Foot Ball Game This Afternoon

Janesville football players took the morning train for Whitewater and met the Whitewater foot ball team this afternoon. Among those who went along as spectators were Charles Caniff, Mark McNamara, Chester Morse, Lorin Morse, Irwin Gilling, William McGinley and Collin Samuels. The team lined up in Whitewater as follows:

Carpenter, left end; Smith, left tackle; Murwin, left guard; Jerg, center; Nott, right guard; Miltmore, right tackle; Bonesteel, right end; Matthews, quarter back; McDonald, left half; Casford, right half; Sutherland, full back; Wallace, Bemis and Pitcher went as substitutes.

Janesville won by a score of 10 to 6. Three hundred people saw the Wisconsin-Minnesota game in Minneapolis this afternoon. The rosters left on a special train from Madison at 9 o'clock last evening.

The Wisconsin line-up today was: Hazard, center; Comstock, right guard; Riordan, left guard; Forrest, right tackle; Holmes, left tackle; Anderson, right end; Dean, left end; Bregg, quarterback; Cochems, right halfback; Peel, left halfback; O'Dea, fullback.

TWO HALLOWEEN PARTIES

Young People Entertained at Parsonage and at the Kirk Home

Congregational young people enjoyed a Halloween party of the merriest sort at the parsonage last evening. Rev. and Mrs. Robert C. Denison entertained most gracefully and kept the Halloween frolics going until the witching hour when ghosts walk and spirits tell their secrets.

Fifty young people enjoyed a Halloween party at the Kirk homestead on Glen street last evening. They were entertained by Miss Mattie Kirk, Grace Lowry and Emma Lowry. There were Halloween games and refreshments appropriate to the occasion.

AIR FULL OF MURDER RUMORS

Howe and Saxton Cases Get Mixed in Watertown County.

There have been several rumors circulation lately regarding the present condition of Leroy Howe, who is now in Waupun prison for the murder of his brother Charles in Darien over a year ago. One story is that Leroy has been granted a new trial by one of the circuit judges, based on some technical point. Another is, that he has become violently insane and has been transferred to the insane hospital at Mendota. It has also been reported that Isaac Saxton soon after he was shot by Bundy confessed to killing Charles Howe. All these reports are contradicted point-blank and are without foundation.

HEIRS TRY TO BREAK
THE CRICHTON WILLWIFE AND CHILDREN CUT OFF
WITH \$1.

The \$8000 Estate Goes to a Sister, a Niece and a Nephew—Allegation Is Made in Judge Sale's Court That the Testator Was Not Responsible.

The heirs have gone into court to break the John Crichton will.

Mrs. Crichton, the son and two daughters were given \$1 apiece and the \$8,000 estate went to Mrs. Margaret Davidson a sister, Miss Margaret K. Davidson a niece, and Louis Green a nephew.

Mrs. Davidson and Miss Davidson live in this city.

John Crichton died about six weeks ago at the home of William Astin, corner of Prospect avenue and Bluff street. Several years ago his wife got a divorce on the ground of cruelty and he never forgave her or the children. He claimed they all sided with their mother against him and it was not a surprise to them therefore, when they were cut off with \$1 apiece in the will.

The ground on which they protest against the confirmation of the will is that the testator was addicted to drink and was not responsible or competent to make a will at the time the instrument was drawn.

The contestants are represented by Jackson & Jackson and Dunwiddie & Wheeler while the proponents are represented by Smith & Pierce.

The contesting heirs are Mrs. Crichton, Thomas C. Crichton of Walworth, Mrs. Anna Oakley and Mrs. Margaret Moriarity of Milton.

Most of the property conveyed by the will is in the form of real estate. The papers in the suit were filed in Judge Sale's court yesterday and the hearing was postponed until Monday.

BURGESS-KENT CASE TRIED

Defendant Claims That He Is Not Liable For Wages Claimed.

There were plenty of witnesses in court when the case of C. H. Burgess against A. C. Kent was called in the municipal court this morning. The jury that heard the evidence was composed of Patrick Heffernan, Henry Rogers, Lewis Englebreton, James A. Dennison, Fred E. Jones, James M. Mansur, Albert W. Bailey, John Masterson, W. H. Merritt and Charles H. Daley, Whitehead, Matheson & Smith appeared for Burgess and Dunwiddie & Wheeler for the defendant. On the part of the defendant it was stated that the case was brought to collect for services in March and April—services that were never rendered. Mr. Kent declared that he discharged Burgess the last of February, being dissatisfied with the way he did his work, and paid him to that date.

TOURISTS ARE HOME
FROM FOREIGN LANDMISSSES JEFFRIS AND ECHLIN
IN JANESVILLE.

They Spent Six Months on the Continent and Saw Much That They Will Remember—Swiss and American Scenery Compared—London a Wonder.

Misses Susie Jeffris and Julia Echlin reached Janesville last evening after a six weeks' visit to the old country. They visited all the countries of Europe excepting Greece, Spain and Russia and brought back many interesting mementoes.

At Rome they went through the Vatican but failed to see the pope. They found the scenery of Switzerland to be most beautiful but decided that Rocky Mountain scenery was equally impressive.

In Paris they were deeply impressed with the beautiful boulevards and public buildings.

London they declared to be the most wonderful city of all from the American point of view.

They had little trouble in making themselves understood, a limited supply of French being made to do great service.

Their troubles with the custom officers on the ten or twelve European border lines which they crossed were trivial compared to the inconvenience of the strict customs examination that is now demanded in New York.

PLAYED "BROKEN VOWS" WELL

Columbia Comedy Company Made a Hit—Several Individual Successes.

"Broken Vows" was the bill at the opera house last evening. Miss Jennie Platt played the part of Bessie Wilson, and in the fourth act was especially good. One of the best pieces of work seen on the Janesville stage for some time was done by Miss Helena M. Wall, in a double role. She carried the parts of Mrs. Jordan, a crabbed old woman, and Blanche Atwood. In the latter she was exceptionally fine. G. B. Richardson as the old man with love for whisky, won marks of appreciation from the audience. The rest of the cast were at their best, and the large audience broke into frequent applause.

She Snubbed the Prince.
"That American girl who snubbed the prince" is the way they refer in half the courts of Europe to Miss Grace Thompson of St. Louis. And Miss Thompson actually did snub a prince, no less a royal personage, in fact, than his royal highness Albert Edward, the

MISS GRACE THOMPSON.
prince of Wales. He went to Homburg to meet her, and she left the day he arrived. Miss Thompson is the second daughter of William B. Thompson, a prominent St. Louis lawyer. Her sister, who was Miss Camilla Thompson, married H. Townsend Martin, a brother of Bradley Martin, whose wife is the social queen of New York.

A Fortunate Little Arab.
For many years hundreds of learned archeologists have been poking about among the ruins along the Nile, but it remained for a little Arab boy to make the most important discovery of the century. While papyrus manuscripts of more or less value have been discovered

by others, this black eyed little chap had the good fortune to run across a leaf of a book which must have been written in the second century, as least 100 years before any books of the gospel are known to have been written and which contained a collection of the "sayings" of our Lord.

Few men in this country are better or more favorably known to the drug and medicine trade than Mr. E. J. Schall, buyer in proprietary medicine department of the Meyer Bros. Drug Co., St. Louis. He says: "My boy came home from school with his hand badly lacerated and bleeding, and suffering great pain. I dressed the wound and applied Chamberlain's Pain Balm, freely; all pain ceased, and in a remarkably short time, it healed without leaving a scar. For wounds, sprains, swellings and rheumatism, I know of no medicine or prescription equal to it. I consider it a household necessity." Sold by C. D. Stevens, Pharmacist, corner Main and Milwaukee streets.

Excursion Rates to Chicago.

On account of the American fat stock, horse, poultry and dairy shows at Chicago, November 2nd to 13th inclusive, the Chicago, Milwaukee & St. Paul Ry. will sell excursion tickets Tuesdays and Thursdays during the continuance of the shows at a fare and one third for the round trip good for return until Monday following date of sale. Fox chasing and the hurdle races will be among the main attractive features.

"I can't see now any family lives without Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J. R. Adams, a well known druggist, of Geneva, Ala., in a letter inquiring the price of a dozen bottles, that he might not only have it for use in his own family, but supply it to his neighbors. The reason some people get along without it, is because they do not know its value, and what a vast amount of suffering it will save. Wherever it becomes known and used, it is recognized as a necessity, for it is the only remedy that can always be depended upon for bowel complaints, both for children and adults. For sale by C. D. Stevens, Pharmacist, corner Main and Milwaukee streets.

EXCESSIVE FATIGUE IS DANGEROUS.

Fatigue Means a Draught on One's Reserve Strength.

From the Leader, Cleveland, Ohio.
John P. Sonnenhalter, who lives at No. 58 Melrose Ave., Cleveland, Ohio, is one of a small army who can bear testimony to Dr. Williams' Pink Pills. Mr. Sonnenhalter is in the prime of life. He is married and his family is his pride. He is strong and athletic and has a splendid physique. But, like many other men who are similarly fortunate in the possession of an excellent constitution, he recently overestimated the strain which it could undergo. He is the yardmaster of the Zettelmeyer Coal Company, Nos. 25 to 31 Commercial St., and in that capacity finds it necessary to exercise considerable physical strength. The use of a great deal of muscular energy, however, did not seem to affect him in any manner until last spring. Then he discovered, to his alarm, that he had been over-exerting himself. He began to be troubled with congestion, mental and physical prostration, a relaxation of the muscular tissues, insomnia, and other symptoms of the result of overwork. But the story in his own words is interesting, for he tells it in the plain and simple manner characteristic of a man who earns his sustenance by the sweat of his brow, and at the same time he pays a glowing tribute to his inanimate and diminutive benefactor.
"It was last May," said Mr. Sonnenhalter, "that I began to notice the effects of my hard work. The blood would rush from my heart into my head, and almost make me faint. I felt that my strength was on the wane, and my entire system seemed to be out of order. Strong as I was I would feel notably in body, but in mind as well. When I awoke in the morning I dreaded to think of the hard day's work which was ahead of me. My footsteps were not as light and sprightly as formerly, and I was altogether wretched. My appetite always strong, vigorous and healthy before, seemed to be deserting me. I could not sleep well, and was unable to get the rest and recreation I needed. The warm weather was at hand, and I was afraid I would break down completely unless I got better soon. I was suffering, you might say, from general debility. Was tired all over and nearly all the time.
"I knew that something would have to be done, and soon, too. I talked with my friends about what to do or take. Some advised me to try this or that, but I did not heed their suggestions, and now I am glad of it. One day I picked up a little pamphlet or advertisement of Dr. Williams' Pink Pills. It told how the medicine cured people who were suffering from just what ailed me, and I decided to buy a box, and I did. I was somewhat in doubt as to whether they were as good as it was claimed they were, but my doubt was soon removed. Those pills fixed me up inside of two months. I never saw a medicine work so quickly and surely as those little pills. Almost the first one I took seemed to benefit me, and the more I took the better I felt. That awfully tired and dejected feeling began to leave me almost from the start. After taking half a dozen of the pills my sleep was unbroken. Then my appetite returned and with it came my old time vigor. My muscles are strong as ever now, and my health is good, and the pills did just what they were advertised to do.
"My work in the coal yard is hard, and I often have to overtax myself. But if I ever get in the condition I was last May, I'll buy more of Dr. Williams' Pink Pills. They do more good than a doctor, and I have recommended them to my friends."
Dr. Williams' Pink Pills for Pale People contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are sold in boxes (never in loose form, by the dozen or hundred) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

Russian Blouses.

We show the nobbiest line in town, among them being some of the higher class that are gems of the cloak makers' art—exclusive styles direct from New York. A line for Misses' wear in sizes 14, 16 and 18 also in stock.

Coats for Girls.

Three hundred sample Coats for Misses, sizes 14, 16, 18 and 20 years, inexpensive garments for school wear that are proper as regards style and make up. Cute Coats, ranging in price from \$3 to \$10, that would ordinarily be one-third more. Tell the girls to call in after school and see them.

Flannelette Wrappers.

The new line is in, and it displays well made Wrappers in a splendid range of patterns; all sizes, 32 to 44. All of the regular styles in Print Wrappers are shown—75c and up.

Silk Waists.

There is an air about the line we handle that attracts. Other stores show waists, but there is something lacking in them when compared to ours. The talk of the town among women is the excellence of our waist showings. All the latest in blouse effects are in the line.

Our Millinery

Is Parisian in everything but price—and the difference in the latter is all in the favor of our customers. No prettier, more stylish hats than ours could be obtained in Paris at four times the cost. We are showing copies of the best creations of the leading modistes at a fraction of the price you would have to pay for the originals. Better not buy your new hat without coming here first.

Comforter Coverings.

Another sale of them this week. About ten days ago we advertised a lot of prints for comforter coverings and dress purposes, expecting we had enough to last a week; but at the end of the first days' sale they were about cleaned out, with the result that many customers were disappointed. Direct from the mill we have received another two case lot consisting of 8000 yards, if anything a better lot than before; colors are black and white, silver greys, blues, reds, &c. They are Simpson's best standard prints and usually retail at 6c; for this sale price will be the same as at the former sale **3 1/2c**—per yard.

NOTES OF NOTIONS.

Writing Paper Decorations—Opera Bags.

Young Ladies' Visiting Cards.

Both pearls and turquoises are unreliable jewels and lose their color and luster. Turquoises often turn greenish, and many persons, so far from considering this a defect, esteem it an increased beauty, and it is certainly a proof that the stones are genuine. Opals do not lose color, but some of the less expensive ones disintegrate in course of time and crumble apart.

A cipher or monogram is considered the correct ornament for writing paper. It must not be too large or florid, and gold, silver or colors are used for it.

The little bag which holds the fan, the handkerchief and the opera glass when

one goes to the theater or concert is often very elaborate and rich. It should be large enough to contain everything necessary, but should not be large enough to be clumsy. Velvet, brocade, broche silk and spangled or beaded satin are some of the materials employed for these bags, which are lined with delicately tinted satin and closed by drawing strings of satin ribbon. They may be made to match the gown or may be embroidered, painted or otherwise decorated.

In France young girls do not have visiting cards. They are supposed to make formal calls only with their mother and in that case the daughter's name is added in pencil on the mother's card after the latter's name, or the words "and daughter" are written. It is only when unmarried women have reached maturity and are supposed to have definitely decided in favor of a single life that they indulge in luxurious dress or assert their individuality in any way before the world at large.

Today's sketch shows a ceremonious costume of black satin having a trained skirt. The bodice is outlined by two bands of black jet trimming and three bands decorate the foot of the skirt. The close bodice forms two points in front. It is trimmed with jet and opens on a crossed plastron of leaf green changeable silk, framed by coquilles of black lace. The black satin sleeves are shirred lengthwise under jet bands. The medici collar and the full sleeve caps are of plaited black lace.

The New Muff.

The new muff is a small mountain in size. One of novel design, shown among the new importations, is made of black velvet gathered in double frills fully 2½ inches wide. These stand up like ruffles all over the foundation, and not in regular lines, but rather curved around, giving a very peculiar effect. The velvet has the appearance of being gathered several times and the threads pulled out, leaving only the marking of the stitches to show. A knot of lace and a bunch of violets trim one side.—New York Sun.

TALMAGE'S ASSOCIATE PASTOR SAYS DR. GREENE'S NERVURA SURELY CURES.

Rev. Dr. Byron Sunderland of the Talmage Church Tells the Sick and Suffering to Use Dr. Greene's Nervura to Be Cured.

Rev. Dr. Talmage's Co-Worker Enthusiastic in Recommending Those Who Are Weak, Nervous or in Any Way Out of Health to Use This Grandest of Medicines and Surest of Cures, Dr. Greene's Nervura Blood and Nerve Remedy.

No preacher in the world is so widely known as Dr. Talmage and no other place of worship is so thronged as the Talmage Church in Washington, D. C.

The great divine's discourses on the maintenance of health are the sure guide for the people, and now his distinguished associate preacher and co-worker, the eminent Byron Sunderland, D. D., of the Talmage Church, follows out the same grand line of good to the people by pointing out to them how health can be regained and restored when lost,—how the physically weak and prostrated, the nerve weakened, and brain weary, may recover strength; how the tired out, overworked and over-strained systems can be rebuilt; how the sufferer from weak nerves, poor blood, headache, rheumatism, neuralgia,—the exhausted man, the prostrated woman, the nervous child,

the restless infant,—all can secure again the health and strength that has been lost.

The distinguished clergyman tells how people within his knowledge have been restored to health by the wonderful medicine, Dr. Greene's Nervura blood and nerve remedy, and he bids all who are in any way out of health, all who need medicine to use immediately this grand health restorer, Dr. Greene's Nervura. He tells you that it will cure you as it has cured so many others, for he has personal knowledge of Dr. Greene's Nervura and its marvelous power to cure disease, to banish pain, to make the sick well.

The great preacher says: "I have learned with satisfaction from many sources the beneficence of Dr. Greene's Nervura blood and nerve remedy and its great utility to the many sufferers from the over-exhaustion

and prostration of the human system, in our intense American life."

"I do not hesitate to say it seems to supply a real want which no other known remedy can fill. It seems to be a real boon, bringing rest and refreshment to the outworn human frame in the tumultuous and trying times in which we live."

BYRON SUNDERLAND.

How can you hesitate for a moment, after reading the convincing words of this illustrious minister of the Gospel, to at once use this grandest of medicines, Dr. Greene's Nervura blood and nerve remedy? It is the mightiest remedy in the world to cure. Every druggist keeps it.

Consultation, examination and advice by the most skilled physicians can be had free at the office of Dr. Greene's Remedies, 118 State St., Chicago, Ill., either if you call or write.
